Subject: Deadline Extension Request for Assignment-[Abhishek Dhull]- [25BCE10308]

Dear Professor,

I hope you are having a good day.

I am writing this mail to respectfully request a short extension for the submission deadline of the current assignment, currently due on 28 March, 2026. Due to my participation in the Health Hackathon, where we made a program that tracks health using an AI, I have encountered a delay in finalizing my work.

If possible, I would appreciate a short extension of 24 hours. I have already completed a significant portion of the assignment and am committed to submitting it by this revised time.

Respectfully,

Abhishek Dhull
